

Transform your shell scheme stand

Let the Index Group produce your graphic panels saving **you time** and **money!**

The displays featured include production from supplied print ready files, delivery to site, installation* & removal.

TENSION FABRICS GRAPHICS

Tension fabric graphic with machine stitched silicon strip & aluminium frame.

CONTINUOUS FLUSH FITTING PANELS

Stunningly impressive use of graphics produced in sections and buffed together to give the illusion of a continuous wall

based on panel size 1000mm (w) x 2400mm (h)

INTEGRAL GRAPHICS

Graphic panels produced to fit within the shell scheme framework based on panel size 962mm (w) x 2285mm (h)

Customising your stand with the clever use of graphics is the easiest way to maximise your presence at this prestigious event.

By using the services of the Index Group Graphics Division, you can take the hassle free option to enhance your stand, as we can produce your graphics, deliver to site and install* them ready for your arrival.

* Installation is not included in the Economy & Budget graphics options., these are offered on a self installation basis.
